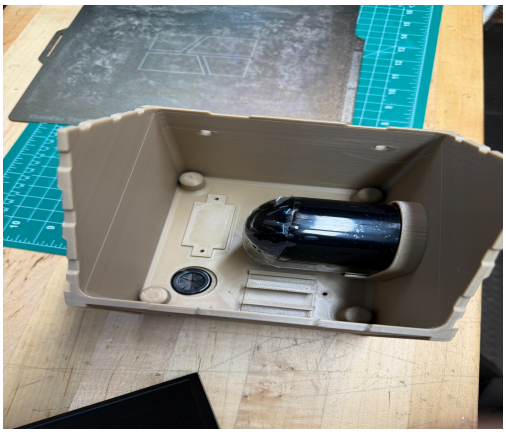
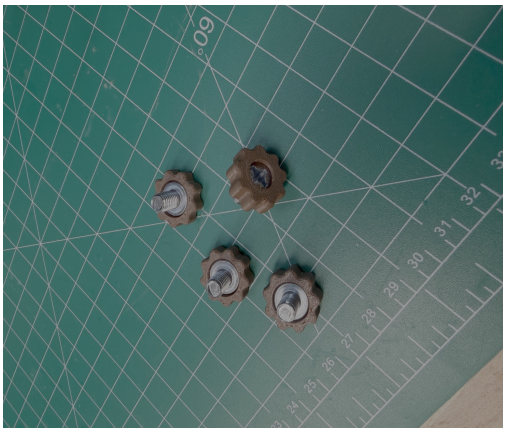
Birdhouse Camera Housing – Installation Guide

Step 1: Mount the Universal Mount to your surface and attach the housing.
Step 2: Remove the four roof fasteners.
• Four thumb fasteners (one in each corner)
• Remove fasteners (use screwdriver if needed)
Step 3: Lift the roof off.
Step 4: Slide camera into internal ring (snug fit).
• Install camera (use screwdriver if needed)
Step 5: Reinstall the roof and tighten the four fasteners.



Left: Universal Mount Right: Camera placement inside housing



Left: Fastener locations Right: Close-up of fasteners
